WAR ON WILD WATERS

CITY MANAGER TELLS HOW CIVIC EMPLOYES HELD BACK THE CANYON FLOODS

"From early morning till evening the City of Glendale had a force of men at every strategic point fighting the flood waters. They took care of washouts and were prompt in answering calls for help, which came from all along the Sycamore Canyon district. An immense volume of water came down Sycamore Canyon and swept into Sycamore Canyon road to Verdugo road. At that point the large bank of sand that was washed in there two years ago turned the waters and the bulk of them went south on Verdugo road.

"Part of the water, however, turned off and found its way west on Second street; part went west on Third street and part went west on Broadway. Part of the water found its way west to Adams street and flowed south on that thoroughfare. Part of the water—the greater part, tore its way through the sidewalk and destroyed the fence on property opposite the Broadway school; thence it rushed through the Child's tract and spread out, going down past the Wing ranch. At that point it seriously imperiled the existence of a large barn on the ranch; but the danger was averted with the aid of the city watchers. Thence the water flowed south, spreading over the fields and doing minor damage.

"The Verdugo Canyon water kept to its main channel except at two points in the vicinity of Howard St. At those points the city force worked all day, putting in heavy wire and brush. Here the work done two years ago was found of great benefit. The piling helped to hold the banks and formed a good holding ground for the wire that was put in just now.

"The new work in Verdugo canyon stood the test of this sudden flood in excellent shape. The posts and wire and brush were effective in holding the water to its channel; and gave a good object lesson as to what may be done in that quarter. The new work at the natural bend at the junction of Glendale and Verdugo is also holding in excellent shape.

"The new protection work at the north approach to Louise street is holding out well. The water there kept to its natural channel. Altogether the city has reason to be pleased with the service done by the new work. The storm was sharp and heavy. Almost six inches of rain (5.80) in 24 hours is no small amount of water to handle. There has been some minor damage, just enough to hint what might be done by a more serious downpour.

"As long as there is no sudden cloudburst in the hills it is highly probable that the protection work now in, with the aid of constant vigilance, and some work on the part of the city, will serve to control the flood waters of the Wash. As far as regards the waters of Sycamore canyon, however, we can do nothing except let them find their own way as they did on this occasion."

HIGH FENCE ORDINANCE

At Monday evening's meeting of the board of trustees City Manager Watson suggested the probable need of an ordinance limiting the height of fences within the limits of the city of Glendale.

Somewhere on West Fifth street lives side by side a French and German family. The heads of these families, like the countries from which they came are not at peace, and one of them wishes to cut off all view of the enemies' possessions by building a high fence.

The passing of an ordinance limiting the height of a fence did not seem to meet with the favor of a majority of the trustees, and some one suggested that Henry Ford be sent for and maybe he could establish peace between the German and French on Fifth street, Glendale.

One of the trustees said the building of high fences for spite work sometimes became to be a serious matter, and that he personally knew of a fence that was built 40 feet high in San Francisco merely for spite work. The right for the board of trustees to adopt an ordinance governing the height of fences in the City of Glendale was referred to the city attorney, who will report at the next meeting of the board.

BIRTH NOTICE

Very early Sunday morning a dear baby boy, weighing 7½ pounds, came to brighten the home of Mr. and Mrs. Wm. Althouse, residing at 347 N. Isabel street. Mrs. Althouse and young son are at Dr. Thompson's hospital in Burbank, from where comes the report that both are doing very nicely.

GLENDALE MERCHANTS

THE EFFICIENT AUTO DELIVERY OF GLENDALE MERCHANTS APPRECIATED IN INCLEMENT WEATHER

No longer does modern business depend on the vagaries of the weather. Like the old adage of: "When the Mountain would not go to Mahomet, Mahomet went to the Mountain." Likewise, now in modern times, when the distance, weather, or time interfere with people doing their shopping, the present day business man goes to his patrons—and business concerns serving the public (groceries and markets, particularly, in towns such as Glendale) vie with one another in three prime requisites, Price, Quality and Service, and Service ranks with Price and Quality as a business getter, and why not.

The rainy, inclement weather of the past week brings to the attention of the public the excellent delivery service of a great number of Glendale's Groceries, Markets, Pharmacies, etc. In fact, the average housewife would certainly hate to go back to the days when each purchase at the grocers had to be sent for and carried home by a member of the family, yet if it were not for the modern auto delivery service of the greater number of the up-to-date firms, many local people would have had to have taken an unpleasant trip to the business section yesterday, instead of easily ordering their day's food supply over their own or neighbor's phone.

MRS. DANFORD, LIBRARIAN, SAYS PEOPLE TAKE INTEREST IN WAR BOOKS

"Ever since the war began," said Mrs. Danford, librarian of Glendale public library, to a representative of the Glendale Evening News, "there has been a marked increase in the interest taken in the literature dealing with the events of the campaign in Europe.

"One of the most absorbing books on this subject is the recent work by Giilbert Parker, the famous Canadian novelist and writer, entitled, "The World in the Crucible." Parker has had exceptional opportunities to study the war at first hand and he has made a most exhaustive study of the conditions attending the negotiations that preceded the war, having had access to original documents from all the countries concerned in the negotiations. He has also collated a great many interesting views on the war and has expounded, the German philosophy of "kultur" and Nietsche's "superman," as it appears to him. His stories of the war itself make most interesting reading, and this, among other books of a similar nature, are being read with avidity by a large circle of readers.

"It is noticeable that the readers are increasing. Saturday last was one of the biggest circulation days we have had. This is to be attributed both to the fact that there are more members of the library than ever before and also to the fact that the regular readers are reading more than ever.

"I would recommend to the many library members who are interested in horticultural subjects the new set of Luther Burbank's works which the library will shortly have. This fine edition is profusely illustrated and brings the work of the wizard of flower propagation up to date. There are also many other interesting new books that the library has on its shelves. We have also added many standard editions of well-known authors such as Washington Irving, Hawthorne, Emerson and many others. This will be found a wonderfully useful addition.

"Within a few days we will publish a bulletin of the new books in The Glendale Evening News. Many people are taking the precaution of cutting out those bulletins and keeping them together in scrapbooks. In this way they are gradually possessing themselves of a very useful catalogue of the additions to the library.

"I would also recommend to the attention of readers the fact that the 1915 magazines are now bound and in the reading room. Whatever suggestions for the improvement of the library can be made we are always willing to receive and we are also always ready to consider recommendations for the purchase of new books. Sometimes practised readers bring us these suggestions and we find them valuable. Anything that will add to the usefulness of the library will always be considered. The library exists for the public and we are anxious to have it brought up to the very highest grade of efficiency."

WEATHER FORECAST—Rain tonight and Wednesday; south winds.

DEMANDS INTERVENTION IN MEXICO

SENATOR LIPPERT OF RHODE ISLAND INTRODUCES RESOLUTION FOR PUNISHMENT OF MURDERERS

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Jan. 18.—Senator Lippert of Rhode Island today introduced a resolution in the senate demanding intervention in Mexico. In support of his resolution he cited the numerous murders of Americans in that country, many of which had not been reported and all of which had been ignored and passed over without protest. An acrimonious debate followed.

AUSTRIA TO OCCUPY MONTENEGRO

TERMS OF SURRENDER OF MOUNTAIN KINGDOM DEMAND CONCENTRATION AND SEARCHING OF ALL MALES

(Special Service to Glendale Evening News)

BERLIN, Jan. 18.—Terms of the surrender of the Montenegrins were made public here today. They include the demand that all citizens and soldiers agree to lay down their arms. All males in the kingdom must gather in certain places to be appointed and there undergo registration and search. The Austrians will occupy all official places and will take charge of all the cities and transportation.

THREE HUNDRED FAMILIES ARE HOMELESS

LYTLE CREEK OVERFLOWS ITS BANKS AND DRIVES INHABITANTS FROM THEIR HOMES

(Special Service to Glendale Evening News)

SAN BERNARDINO, Jan. 18.—Three hundred families are homeless around this city today. Lytle creek has overflowed its banks and invaded the homes in its vicinity. Everything is being done to take care of the sufferers.

RAILROADS CUT IN EVERY DIRECTION

LOS ANGELES PARTLY ISOLATED BY SEVERE STORM OF LAST THREE DAYS—HIGH TIDES AT VENICE

(Special Service to Glendale Evening News)

LOS ANGELES, Jan. 18.—Today's lull in the storm that has been raging since Friday night enables the public to take stock of some of the damage done. Rail and highway communication to the outside have been cut in nearly every direction. Hundreds of cattle and livestock are reported drowned. Venice has been visited by unusually high tides. The canals threaten to overflow.

THREE DROWNED NEAR ANAHEIM

UNIDENTIFIED MAN, WOMAN AND CHILD SWEPT AWAY WHILE DRIVING ON STATE HIGHWAY

(Special Service to Glendale Evening News)

SANTA ANA, Jan. 18.—An unidentified man, woman and lhild were drowned today betwen Fillmore and Anaheim. They had been driving along the State highway in a buggy when the flood hit them. The raging waters swept the buggy along into the full depth of the flood. The horse was drowned also.

ALLIES PUT PRESSURE ON GREECE

BULGARIAN REPORTS SAY THAT RECENT DEMANDS BY BRITAIN AND OTHERS AMOUNT TO ULTIMATUM

(Special Service to Glendale Evening News)

BERLIN, Jan. 18.—Sofia reported today that the Allies had sent a prartical ultimatum to Greece today demanding that the agents of the Central Powers be ordered out of the country within two days. British troops have landed at Phaleron, five mlies southwest of Athens. The situation in Greece is becoming acute.

"VILLA'S BUTCHER" SHOT IN JUAREZ

REBEL GENERAL WHO DISTINGUISHED HIMSELF BY WHOLESALE MURDERS IS EXECUTED

EL PASO, Jan. 18.—Col Manuel Zalles, who has long been known throughout the length and breadth of Mexico as "Villa's Butcher," was executed in Juarez today. Zalles was given the same short shrift he has given to so many others. He was placed against a wall and shot.

CONFLAGRATION IN BERGEN EXTINGUISHED

FIRE WHICH DAMAGED NORWEGIAN CITY TO EXTENT OF $30,000,000 HAS BEEN MASTERED

(Special Service to Glendale Evening News)

BERGEN, Norway, Jan. 18.—The fire which threatened entirely to destroy this city was masterd today. The danger of further spread of the flames is now past. The damage done by the conflagration amounts to at least $30,000,000. Three thousand people are homeless. Four hundred buildings have been destroyed.

TY TRUSTEES MEET

FRANCHISE GRANTED TO P. E. —ELECTION RETURNS CANVASSED—USUAL BUSINESS

The Board of Trustees of the City of Glendale met in regular session, Monday evening. There were present, Trustees Lane, Grist, Thompson, Tower and Williams; T. W. Watson, city manager; J. C. Sherer, city clerk; Edward M. Lynch, city engineer; H. B. Lynch, manager Public Service department; W. E. Evans, city attorney and A. H. Lankford, fire chief.

The board of trustees met in regular session at the city hall at 7:30 p. m., January 17, 1916. All members present at roll call.

A communication was read from the Tournament of Roses association at Pasadena congratulating the City of Glendale upon its "beautiful entry in the tournament parade New Year's Day," and expressing appreciation for the interest taken in the affair by this city.

A communication was read from the Glendale Chamber of Commerce addressed to Manager Watson, expressing the thanks of the chamber to the city council for courteous treatment shown during the past year.

The city manager made a report upon applications for permit to conduct the jitney bus business. On motion, the recommendation was adopted and licenses ordered to be issued to the applicants.

Upon motion of Trustee Thompson, the returns of the special election held January 11th were ordered to be canvassed.

Having canvassed the returns, upon motion of Trustee Thompson, the "Resolution of the board of trustees of the City of Glendale declaring the result of the election held on the eleventh day of January, 1916, for the purpose of voting bonds for fire and flood protection," was taken up for reading and was adopted.

City Manager Watson made a report in regard to a spite fence being erected in the western portion of the city. Upon motion of Trustee Grist, the matter was referred to the city attorney.

The city manager presented the case of the Glendale & Montrose Railway company, which wishes certain bonds cancelled, given in connection with franchises granted to that company. The city manager stated that he had been unable to find but one bond which was one given in connection with the granting of a franchise to E. D. Goode on West Broadway. The city attorney stated that in his opinion, the cancellation of the bond by the city was not required, and upon motion of Trustee Grist, the application of the company was denied.

The city manager also brought up the matter of band concerts, and upon motion of Trustee Thompson, he was authorized to enter into a contract with the Glendale city band for twelve concerts at $30.00 each.

He further presented the case of the Glendale Garden society, which was also represented by Mrs. Nanno Woods, its president, and upon motion of Trustee Grist, it was ordered that the sum of One Hundred Dollars be donated to the society from the Advertising and Promotion Fund.

On motion, "An ordinance granting to Pacific Electric Railway company, a corporation, and its successors and assigns, the right to construct, maintain and operate for a period of fifty (50) years, an electric railroad over certain streets in the City of Glendale," was ordered to be taken up for third and final reading, and after considerable discussion, upon being read, was on motion of Trustee Grist, adopted.

The city manager made a report of the last meeting of the Flood Control committee held in Los Angeles, stating that the plans proposed and adopted by the committee do not contemplate the expenditure of any money for the purpose of protecting the banks of streams. No action was taken.

The chairman called the attention of the board to the fact that Monte Vista and Littlelanders traffic by bus lines now goes by way of San Fernando road to Los Angeles, instead of via Glendale, and in his opinion this deviation is a detriment to the merchants of Glendale, who formerly secured some patronage from this source. Upon motion, the matter was referred to the city manager to investigate and report.

A communication was read from the Sierra Paper company, also one from Jesse D. Burke, both complimenting the city upon the annual report recently issued.

Demands allowed will be published tomorrow.

TALE OF THE STORM

CONTINUANCE OF THE RAIN BRINGS DOWN ADDITIONAL FLOODS FROM HILLS

Additional damage was done to the already flooded areas of the city by last night's storm. The rain that poured all night would have been quite a precipitation for any ordinary storm. It amounted to 2.33 inches. This brings the total for the storm up to 7 a. m. this morning to 8.13 inches, and for the season to 17.63 inches. Mr. H. E. lett, the weather recorder of Glendale, says that this is the greatest precipitation in the history of Glendale.

"Last year up to this date," said Mr. Bartlett, "only 5.80 inches had fallen. The precipitation is unprecedented, and unfortunately, just at present there does not seem to be much appearance of its ceasing. It is true that some of the weather reports state that the storm is moving eastward; it is to be hoped it will do so."

This morning the waters from Sycamore canyon had increased in volume and were running down across Third street in a direct line for the Broadway schoolhouse, in two wide and deep streams. They had cut a deeper trench than ever on the side of Broadway opposite the schoolhouse, had caved in some more of the lots bordering on the street and were rushing through the Childs' tract in an ever-widening river.

At the Central avenue bridge the water had advanced on the approach quite a bit, but, thanks to the precautions taken yesterday they had not been able to do much further damage. On the other side of the bridge, however, they had eaten away the soil under the ties and had so far rendered the track insecure that the Burbank cars did not run.

Mr. T. W. Watson, city manager, said this morning: "I have a gang of men working at 210 E. Broadway, opposite the Broadway school, where some of the houses are being threatened by the confluence of streams that meet at that point and cross the Childs' tract. Quite a section of the sidewalk there has caved in and the houses are in need of protection. It might be said also that all the property along the Verdugo Wash is more or less threatened.'

The storm damaged the Pacific Light and Power company's line bringing electricity to the city. This cut off the supply from Glendale, Tropico, San Fernando, Burbank, Hollywood and other points.

The County bridge at Las Vegas has been closed to trafic as being in a dangerous condition. At points on San Fernando road near Tropico the water is rushing in a flood over the road.

Mr. T. W. Watson, city manager, reported later that he had made a trip along the line of the Wash and found that all the bridges were standing. The Pacific Electric company has a large gang of men working at their bridge over the Wash, strengthening it in every way possible and keeping careful watch on conditions. All the water is flowing beneath that and the other bridges. The heavy wire that was put in yesterday in connection with the piling put in two years ago is doing excellent work and is holding the banks safe.

BOYNTON AVENUE BRIDGE OUT

Early this morning, the bridge at Boynton avenue, Tropico, was swept away by the flood waters of the Sycamore canyon wash. The bridge was a new structure, just having been built during the past summer by the city of Tropico.

It is at this point where the Sycamore wash reaches its most dangerous course.

The damage done was not to the bridge proper but to the north approach, which was completely destroyed.

According to Trustee Henry of Tropico, the total cost of the repair, if the storm abates, will amount to about three hundred dollars. The Sycamore storm waters were turned down Acacia street and into the wash channel by the use of sack dikes. This saved the Larsen property from being washed away.

Otherwise than the bridge approach, Trustee Henry reports everything safe in Tropico. He made a close inspection of the streets this morning and says that other than wash mud, the improved roadways are in good condition.

Property at 210 East Broadway was endangered by the Sycamore canyon flood last night, which assumed most dangerous proportions. Residents on East Broadway were working the entire night trying to save their homes and lands from being swept away.

According to City Manager Watson, the flood in this section is greater than it was Monday morning.

AMERICAN SCHOOLS IN CANAL ZONE

That the contsitution follows the flag is not more certain than that the American school follows the American flag. Shortly after Dewey sailed into Manila bay and opened up the Philippines to the influence of this country, a flood of American school teachers poured into the islands. A visitor in Iloilo told at that time of watching a savage band of Moros dancing and of a little native boy sitting by writing with a pointed stick in the sand. The American looked down to see what the boy was doing and found to his astonishment that he had written the words, "Do you see the men dancing?" So quickly had American teaching been absorbed that the same generation that saw the conquest of the islands from Spain saw the Filipinos everywhere writing and speaking English.

Similar conditions prevail in the Panama Canal zone. There paternalism prevails in every branch of life. Col. Goethals, governor general of the Panama Canal Zone, has absolute power over all departments of his strip of land—10 miles broad by 51 in length. His rule has been autocratic but just. The cities have been cleansed; the health of the whole zone made as good as that of any American city and as first-class an opportunity given to all the children of the Zone to acquire an education as though they were in the United States itself.

The school has followed the flag wherever it has gone. The consequence is that in the Philippines and on the Zone has grown up a large body of the latest generation that thinks in the American language and thinks American thoughts. That is a great matter for the children of those sections. It would be difficult to get the best class of American to go to the Zone were it the case that American education would not be secured there. As it is the schools for white children have a net enrollment of 1146 and the colored schools an enrollment of 1430. There are fifteen schools in the Zone. They are to be found at Colon, at the Atlantic end of the Zone, and at Balboa at the Pacific end. Balboa, the beautiful American city at the Pacific end of the canal, has a high school and a grammar school. At Gatun, at Ancon, at Cristobal, at Mount Hope, and at various other points there are schools of the American type, with American teachers.

These schools are taken advantage of by the whole population. The colored and native children show great aptitude in picking up the English language and education. They want to be American and take kindly to the ways of the superior race. The consequence is that the Canal region is gradually raising for itself a population of the most satisfactory character.

When the time comes, which has been foreseen by all who have visited the Canal Zone, when from Colon to Panama there will be one almost continuous city, it may be taken for certain that that city will have a population as intensely and genuinely American as that of any city in the parent country.

PERSIA'S ENTRY INTO THE WAR

Now that another country—Persia—has entered the war on the side of the Central Powers, it may well be inquired what effect this adhesion may have on the Mohammedans of India. From what the Berlin papers say the Germans expect a vast effect in that country. Persia has always been disaffected one way or another. Under her shahs Persia has "enjoyed" more or less misery for a long number of years. She has had the experience of the beneficence of foreign intrusion in the case of Great Britain on the south and Russia on the north and has been ripe for revolt from those and other conditions for some time past.

When to this is added the strong influence brought to bear on her by the Central Powers it is not to be wondered at that a section of the Persians should have elected to throw their lot in with the Central Powers. It is vain to represent Turkey as a Mohammedan power having any influence over Persia. Persia and Turkey belong to two different Mohammedan sects and there is but little love lost between them. Persian Mohammedans traveling in Turkey have for centuries been subjected to insult and Turks have never been "personae gratae' in Persia.

In fact the solidarity of the Mohammedan world is as much a myth as would be the sugestion that there is any solidarity in the Christian world. There is as much difference between a Sunite and a Shiite as between a Christian of the Russian national church and a member of the Latin communion. There is likewise as wide a difference between a highclass Indian Mohammedan and a Young Turk as between an Ultramontane Roman Catholic and a member of the progressive churches of the United States. Indeed, there is more for all Catholics have intense loyalty to the head of their ancient church, whereas the Sultan of Turkey's headship of the Mohammedans is a pure myth.

In this way it would appear that the entrance of Persia into the war, while definitely aligning that nation with the Central Allies and therefore preparing it to take whatever may be the outcome of the war as regards them, does not affect the status of the other warring members of the different alliances in any tangible way. It will mean in the end probably that Persia will be crushed between the upper and nether millstone—Russia and Britain.

On India, it can be seen that Persia's stand can make no difference. India is an immense empire and has a diversity of population, made up of varying nationalities and languages; but all are loyal to the British empire. The Mohammedans are specially loyal, and nearly all the great heads of the Mohammedans there are either fighting at the head of their troops in Europe or on the Suez canal or have contingents fighting there. There is a national movement in India but it is constitutional and working by constitutional methods for autonomy; conscious that when the time comes that the different sections of India agree on co-operation in government and on toleration in religion, that they will have no difficulty in creating a "United States of India" just as there was created a United States of South Africa.

Even in the best-governed city in the United States there is always an irreducible minority that is "agin' the government." It is not, therefore, wonderful to find some malcontents in a big country like India. The wonder is that they are so comparatively few and that their influence should be so negligible.

DID NOT "DO IT ELECTRICALLY"

In this age of modern inventions and modern machinery the slogan is "Do It Electrically"; but today the electric power went off at 8 o'clock a. m. and was off nearly all day, so the linotype machines in the Evening News office were operated under great difficulties. A job press was placed at the rear of one of the machines and then by operating the press by foot power the linotype machine was kept running until the composition work for the paper you have in your hand was completed.

All the trouble was caused by the poles of the Pacific Light and Power company being washed out somewhere near the Los Angeles river. The Glendale Public Service department kept all its lines in good condition, and all trouble came from the power company from which the local public service department gets its current. A little rainstorm such as the recent one should not affect the connections of a company of the magnitude of the Pacific Light and Power company.

The Evening News management has the makeup of looking on the bright side of things at all times, but notwithstanding all this the fact remains true that all loss of time occasioned by electric current and gas supply not giving good service falls upon the user. Not many months ago the gas went wrong and for several hours the Evening News sustained great inconvenience and extra expense and yet when it came to the time of paying the monthly gas bill there was no deduction made. The men who were forced to be idle the several hours were paid by us, and so it is today, the Pacific Light and Power company will make no deduction when their monthly bill is presented to the city of Glendale, and of course we do not expect the City of Glendale to make any reduction when its bill is presented to the Evening News.

If the Evening News agrees to do printing for the Gas company or for the Pacific Light & Power company, the job must be delivered in first-class condition, or the Evening News will not receive a cent for the work.

If the Power company does cheap construction work, it does not seem fair that customers should suffer as a result of that company's mistakes. There should be such a thing as constructing lines that will not be washed out by a little two days' rain such as has just occurred. Cheap construction is at the foundation of all the trouble.

ROOSEVELT DAM IS OVERFLOWING

ARIZONA IS SWEPT BY STORM AND FLOOD—PHOENIX CUT OFF EXCEPT BY WIRE

(Special Service to Glendale Evening News)

PHOENIX, Ariz., Jan. 18.—The Roosevelt Dam is overflowing this afternoon. The melting of snows in the hills and the excessive rains have produced this condition. Floods are everywhere throughout the State and the condition is very grave. Phoenix is isolated except by wire.

GLEN CURTIS SUED FOR $5,000,000

AUGUSTUS HERRING, AVIATOR'S FORMER PARTNER, SEEKS COMPENSATION FOR SERVICES

(Special Service to Glendale Evening News)

BUFFALO, N. Y., Jan. 18.—Augustus Herring, former partner of Glen Curtis, is suing the aviator for $5,000,000, alleging that that sum is due him for his services in obtaining contracts for aeroplanes.

CANDIDATE FOR TRUSTEE

Mrs. Nanno Woods, president of the Glendale Garden Society and a resident of Milford street, who conducts a real estate office at the corner of Brand and Broadway, has announced herself as a candidate for the office of trustee of the City of Glendale, subject to the decision of the voters at next spring's city election.

Mrs. Wood is a scholarly lady, extremely interested in the welfare of Glendale. She represents no faction and will stand first, last and all the time for a greater Glendale.

MAKING LAND IN HAWAII

The territory of Hawaii now has in hand reclamation works that will cost about $300,000, with several other projects in contemplation. At Honolulu a strip of land half a mile wide, starting near the wharves and extending for about three miles along the shore, is being put in condition. Another project well under way, known as the Maiolama reclamation project, will improve the waterfront of Hilo, on the island of Hawaii. Preliminary surveys are being made for the Waikiki reclamation project, and filling will soon begin. This parcel of land adjoins the famous Waikiki beach, and its reclamation will open a large area of desirable residence property.—Exchange.

SCUTARI IN 1000 B. C.

Scutari, whither the Serbian government is said to have removed, is one of the oldest cities in Europe. The date of its foundation is lost in the mists of time, but it claims to have been the capital of the old Illyrian kings 1000 years before Christ. Though for centuries ruled by its native kings and always inhabited by the Thrako-Illyrian tribes who are now represented by the modern Albanians, the city has known many a change of masters, and has passed under the domination of Romans, Byzantines, Gauls, Goths, Bulgars, Serbs, Venetians and Turks. Even after its capture by the Turks, however, in 1477, it continued for a long time to be ruled by native Albanian chieftains, and it has always retained a degree of independence.—London Chronicle.

THE DANDELION

Dandelions, dandelions, golden stars are you,
Shining in the meadow grass and sparkling with the dew.
Did you shine up yonder, dears,
All the long night through
And then come dancing down with the sun,
Because the children all love you?

PERSONAL

The mother of H. W. Yarick is quite ill at her son's home, 1447 West Third street.

Due to the lack of heat and light, classes of the Intermediate school were dismissed again today following roll call.

Mrs. Henry L. Legrande of 1442 West Third street is spending several days with her niece, the J. C. Rices on Acacia street.

The Albrights of 257 West Fifth street will leave Glendale shortly, moving into a new home on Boyle Heights, Los Angeles.

Mrs. C. E. Lauler is entertaining her friend, Mrs. Amelia Fowles of Los Angeles. Miss Fowles will be a visitor in Glendale for several days.

Mr. and Mrs. Wm. Else and little daughter Evelyn of Los Angeles were guests of Mr. and Mrs. H. J. Haines at 1450 West Fifth street on Sunday.

The A. J. Maxwells and family, domiciled at 216 South Central avenue, have recently returned from an extended visit with friends and relatives in Topeka, Kansas.

Mrs. Howland of 2252 Hobart boulevard, Los Angeles, is quite ill in her home and will be unable to receive the members of St. Mark's Episcopal church guild on this Wednesday as previously arranged.

Mrs. R. E. Hewes at 2221 Hillcrest Drive, Los Angeles, will receive as their hostess on Monday the 24th, the members of the Auction Bridge and Luncheon club of Glendale, of which she is a member.

Many Glendale friends will be grieved to learn of the death of Mrs. Ida Wright. The Wrights formerly owned the attractive home at 1498 West Third street, moving about one year ago to their new home at Baldwin Park.

Mrs. W. E. Evans and house guest, Mrs. Ben F. Logan of Kentucky, will not be at home during the afternoon of Wednesday, the 19th inst., but will receive callers and friends on the afternoon of Wednesday, the 29th inst., at the Evans home, 113 South Orange street.

NOTA BENE

You never see a fisherman with a long string of fish going up a side street. Neither do we wish to have you miss my big bargain in furniture and miscellaneous, hence this advertisement. Boost for Glendale; give your own Merchant the preference. Be guided not by prices alone, but compare the quality too.

9x12 ingrain rug, -	$3.00
Best new sanitary couch pads, - -	$5.00
Sanitary couches, and up.	$1.75
Iron and brass beds, and up.	$1.50
High chairs - -	$1.25
Library tables, and up.	$3.50
Genuine mahogany settee, - -	$5.00
Office desks, -	$2.50, $7.50
Camp stove, -	$2.25
Gas ranges, and up.	$7.00
Grind stone, -	$2.50

I advertise no special sales, for my prices are always right. Money back if you are not satisfied. Step in out of the rain some of these wet days and look over my stock whether you want to buy anything or not.

YOU ARE WELCOME

FEDERATED BROTHERHOOD

The annual meeting of the Federated Brotherhood of the Valley will be held at the Congregational church, corner of Third street and Central avenue, Glendale, Thursday evening, February 3. Election of officers and an interesting program will be the order of the meeting. Announcement concerning speakers will be made later. The ladies of the Congregational church will serve the dinner, price 35 cents.

GRAND REVIEW

Saturday evening, the 22nd instant, is being looked forward to with a great deal of pleasant anticipation by members of the Masonic bodies.

A full dress uniform Grand Review and Ball will be held by the Knights Templar at the Shrine auditorium in Los Angeles. About fifty couples will attend the function from Glendale.

BROADWAY P. T. A.

Next regular meeting of the Broadway ParentTeacher association will be held Thursday, Jan. 20, at 3:05 p. m. The meeting will be devoted to the kindergarten. Miss Lucille Nay will talk on "Value of Kindergarten," and illustrate with exercises by the pupils of the kindergarten room. All friends and patrons of the school are cordially invited.

BIG CROWD AT PENNY DANCE

Even though it began to rain at 7 o'clock and continued all night, about 75 couples attended the Penny Dance at Butler's Hall, Saturday evening, dancing a total of 830 dances. F. E. Thorp's four-piece orchestra played continuously from 8:30 to 12:00 and was encored on nearly every dance. The ladies winning prizes in the Lucky dances were Misses Keough, Wright and Gladys Mason.

PRE-COMMUNION SERVICES

Beginning last evening and continuing through the two weeks from the 17th to the 30th inclusive, the Presbyterian church will hold the pre-communion services.

Dr. Pratt of Pasadena was to have preached a sermon nightly during the series, but was notified by Dr. Edmonds not to come over last evening on account of the heavy storm and unless the weather clears during the day Dr. Pratt will be absent this evening. A large number of persons gathered in the church last evening for prayer and conference with the pastor, Dr. Edmonds, who read Luke 24:49, emphasizing the power of the Holy Spirit, which is shown in our own lives, by earnestness, unity, witnessing and prayer. Miss Irwin sang with a great deal of feeling, "Not a Star In My Crown."

All friends are especially invited to attend these services.

CONGREGATIONAL CHURCH

The unusual happened Sunday morning. Although the rain was falling fast the attendance reached 170 in Sunday School. A goodly number attended the morning preaching service when the pastor spoke on "Worship and Service." Dr. Willisford spoke in part as follows: "Service is not worship. Teaching a Sunday School class is not worship. Presiding as a president of a Brotherhood or a Woman's Auxiliary is not worship. All of these acts might be performed by a non-Christian. All of these acts are important, essential, valuable, but they are not worship. In the performance of these duties there should be a spirit of true worship.

"Worship should bring man into a vital consciousness of the existence of God. Worship should bring man into a vital consciousness of his individual relation to God. Worship is the act which keeps God alive in the heart of man. Worship is a spiritual act. Jesus said, 'They that worship Him must worship in spirit and in truth.' Worship is getting the food. Service is doing the work. 'Worship renews the spirit as sleep renew the body' (Hocking)."

Prayer, meditation and communion were named among the essential elements of worship. Intelligence and righteousness were mentioned as necessary conditions of true worship.

On account of the rain the pastor changed the topic announced for the evening and conducted a Bible reading on "The Magnanimity of Christ." Next Sunday evning it is expected the sermon on "The Three Peaces" will be given.

C. E. SOCIAL

The Christian Endeavor Society will hold a business meeting and social at the home of Misses Hazel and Elsie Tyler, 205 North Maryland, this evening. A most enjoyable time is anticipated.

BARACA CLASS TO MEET

It is expected that there will be a full attendance at the meeting of the Baraca class of the First Methodist Episcopal church, which will be held tonight in the social hall of the church, providing it does not rain. If it should rain the meeting will be postponed until a date which will be intimated later. The object of the meeting tonight is to make arrangements for a basketball game Friday, Jan. 28.

TROPICO

With Mrs. Charles A. Barker as chairman, there met at the K. P. hall Monday afternoon, despite the inclemency of the weather, Mrs. Charles W. Kimberly, Mrs. Hal H. Davenport, Mrs. Richard Todd, Mrs. Ella W. Richardson, Mrs. Robert Danner, Mrs. E. V. Bacon, Mrs. John H. Seaman, Miss Cora Hickman and Miss Blanche Shea, who completed arrangements for the large card party to be given for the benefit of the municipal playground. Mrs. Earl V. Coleman and Mrs. John H. Seaman have distributed two hundred tickets among a number of citizens, to be sold for this worthy cause. There is no civic movement ever launched in Tropico more worthy of assistance and financial consideration than the playground, hence, every citizen should consider himself a committee of one to buy at least one ticket. Buy a twenty-five cent, whether you know one card from another.

Then come, Wednesday evening, January 26, and if you do not play cards come and enjoy the refreshments that are to be served at the close of the game.

Mrs. R. H. Hanna of Tennessee, who has been visiting her sister, Mrs. Earl V. Coleman of Blanche avenue, for several weeks, will leave shortly for Hollywood, where she will be the guest of her sister, Mrs. J. F. Hood. Later Mrs. Hanna will leave for Washington to visit another sister, previous to returning to Tennessee. Mr. Hanna returned to their southern home after spending the Christmas holidays visiting with Mrs. Hanna and her sisters.

The water came bowling down the wash in the eastern part of Tropico, Monday morning and did considerable damage to Boynton avenue, and the adjoining property. The earth was washed away on both the north and east side of the bridge, leaving the cement walks suspended in midair. Portions of the cement supports of the bridge began crumbing and dropping into the raging torrent that surged beneath.

DOMESTIC SCIENCE LECTURE

The regular monthly domestic science lecture under the direction of the Glendale Federation of Parent-Teacher associations will be given tomorrow at 3:15 p. m., in the Domestic Science room at the Intermediate school. Miss Woolridge, the capable instructor in this subject in the grammar schools, will give the lecture on "Meat Substitutes—Nuts Especially." While Miss Woolridge's lecture is being given the A-8 class will give a demonstration in connection with it. This subject should interest a great many. Some of the most renowned dieticians of modern days are denouncing the use of meat.

NORTH GLENDALE

Mr. and Mrs. J. Bitz and children came over from Burbank last Sunday and spent the day with the former's mother and sister, Mrs. Bitz and Mrs. E. P. Beufield of 1641 Ruth street.

Mr. and Mrs. William Grow of West Fifty-fourth street were guests of Mr. and Mrs. J. H. Dunn of 1600 Ruth street last Sunday.

Mr. and Mrs. James M. Wilson of 1636 Ruth street attended one of the popular theaters in Los Angeles last Saturday night.

Chauncey Mayer and brother, Albert Mayer, of Bellevue avenue, Los Angeles, were Sunday guests of their sister, Mrs. Bert J. Lyons of 1617 Ruth street.

Mrs. Edward Gibson of Valley View road spent the week-end in Los Angeles, where she was the guest of friends.

George P. Dewey of Arden avenue has bought a motion picture theater business in Huntington Park and will in the near future make that town his home.

LECTURE POSTPONED

On account of the storm the lecture that was to have been delivered by Prof. T. G. Burt of Occidental college, on "The Rhine in History and Legend" tonight, has been postponed. The lecture was to have been given under the auspices of the Tuesday Afternoon club. Next Tuesday Mr. C. K. Judy will lecture in the High School, on "The Irish National Theater" and will also read one of Lady Gregory's plays.

PRESBYTERIAN CHURCH

The two weeks' devotional services which have been begun by the Presbyterian church opened last night. On account of the storm Dr. James R. Pratt of Pasadena, who was to have been the preacher, was unable to attend. Dr. Pratt will be present tonight and every night during the continuance of the services. He is a noted speaker and is well worth hearing. The public is cordially invited.

APPLICATIONS FOR T. A. C.

Mrs. Charles Fouil, 1322½ Hawthorne street, has made application for membership in the Tuesday Afternoon club. Mrs. Frank Peckham, 311 S. Louise street, is also an applicant.

Mr. and Mrs. A. W. Beach will be at home in the Masonic Temple Tuesday evening, having invited a number of their intimate friends to a dancing party.

WEDDING ANNIVERSARY

The spirit of sincerest congratulation hovered over the Ogg home at 149 S. Kenwood street on Saturday when this home was the scene of a most delightful affair for it was upon this date that Mr. and Mrs. T. D. Ogg entertained in honor of Mr. and Mrs. W. T. Wood in celebration of their thirty-second wedding anniversary.

A decorative motif of yellow and green was artistically carried out with Chinese lillies, yellow roses and fern fronds. At a beautifully decorated table the honorees, Mrs. Brooks, mother of Mrs. Wood, Miss Hazel Wood, Mr. Glenn Wood and Master Dale Wood, children of the W. T. Woods, Mr. and Mrs. Harry Chase, and Mrs. Scott of Los Angeles, mother of the hostess, and the host were seated for an elaborate five o'clock dinner.

Shortly after the diners had retired to the living room about thirty invited guests arrived to extend congratulations of the day. A mock wedding formed a great deal of amusement and later in the evening, Mr. and Mrs. Wood were presented with a handsome jardiniere as a remembrance gift from the coterie of friends present. Others accepting the generous hospitality of Mr. and Mrs. Ogg nnmbered Mr. and Mrs. G. S. Latter and daughter Miss Doris Latter, Mr. and Mrs. E. H. Rowe, Mr. and Mrs. S. A. Chase, Mr. and Mrs. J. E. Bright, Mr. and Mrs. D. Bennett, Mr. and Mrs. B. R. Berry, Mr. and Mrs. W. J. Sanford, Mr. and Mrs. James Hoffman, Mr. and Mrs. C. E. Reed, Mr. and Mrs. Jordan and son, Master Forest Jordan, Mr. and Mrs. W. W. McElroy, Mr. and Mrs. Alexander McDonald, Mrs. Pollard and Miss Pollard, Mrs. Marsh of Tropico, Miss Bohannon, Miss Goff and Miss Digman.

I. O. O. F. INSTALLATION

The Independent Order of Oddfellows will hold a public installation of officers in its hall at the corner of Isabel and Third, Thursday evening. This will be a ceremony well worth witnessing. The Pasadena canton will assist the Glendale No. 388 in its work. District Deputy Grand Master H. Clay Walker will be installing officer. The following officers wil be installed: J. M. Banker, noble grand; T. Cleland, vice grand; J. F. Fanset, past grand; C. W. Ingledue, chaplain; Orrin Tarr, recording secretary; Chester Jones, financial secretary; Earl La Rowe, treasurer.

CANADIAN TRAVELING TAILORS

Nowadays when we can go to the shop and buy coats and shoes all ready made, it is odd to think how difficult the question of getting clothes used to be in the early days of the pioneers. The shoemaker and the tailor both used to travel around from house to house, among the scattered farms in Canada and New England, and perhaps spend several weeks at each one, making shoes, clothes, coats capes and even caps. Modern dressmakers sometimes travel about the country in this way, but usually they have their own home and return to it at night.

One of these traveling tailors still play. And often in the winter evenings he might be seen with crossed legs, on top of a table, fiddling gaily away while the country folk sang and on the rough cabin floor.

MEETING OF P. T. A. BOARD

The regular monthly business meeting of the executive board of the Federation of Parent-Teacher associations, which was postponed on account of the storm, will be held next Monday, at 2 p. m., in the auditorium of the Intermediate school.

The Glendale Market

540 W. Broadway, Glendale, Cal.

Stands pre-eminent as the leading meat market in the San Fernando Valley. This market sells only high grade meats at the lowest possible prices and furnishes its patrons with a most excellent delivery service. CERTIFICATE

Business Under Fictitious Name

The Undersigned do hereby certify that they are conducting a Tailoring business at 443 South Main Street, Los Angeles, California, under the fictitious firm name of W. McMahon and Company, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Wm. McMahon, St. Omer Apts., 123 North Grand Avenue, Los Angeles, Calif.

James A. Ryan, 443 South Main Street, Los Angeles, Calif.

Witness our hands this 28th day of December, 1915.

JAMES A. RYAN.
W. M'MAHON,

STATE OF CALIFORNIA,
County of Los Angeles, ss.

On this 28th day of December, in the year nineteen hundred and fifteen, before me, James E. Mahon, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared Wm. McMahon and James A. Ryan, known to me to be the persons whose names are subscribed to the within instrument and acknowledged to me that they executed the same.

Witness my hand and official seal.
(Seal) JAMES E. MAHON,
Notary Public in and for said County and State of California.

A ROBIN IN CHURCH

This story of a robin in church was told recently in the English press: In one of the Highland churches on a recent Sunday the movements of a robin proved a source of interest to the congregation. The bird had evidently found its way into the church some time before the service, and appeared not the least put about by the presence of the congregation. So tame, in fact, was it that it had no hesitation in taking up positions close to the occupied pews. Towards the officiating clergyman it evinced the greatest friendliness, and confidently perched on the pulpit gas brackets, sometimes on one side of the minister and sometimes on the other. From these points of vantage it calmly surveyed the minister and congregation. —Ottawa Citizen.

TRAIN DEER TO DRIVE

Troop 1, Southington, Conn., has been busy building a log cabin on the property of James D. Fish. One of the scouts has trained a pair of young deer and Mr. Fish uses them to draw logs needed for the cabin. This experience has fired the other scouts with an ambition to try their hand at training wild animals.—Boys' Life.

A GUESSING GAME

One boy mounts upon the back of another boy and after slapping his "mount" on the shoulder, holds up his hand with a number of fingers extended and says: "Buck! Buck! How many fingers do I hold up?" If the under boy guesses right, the two change places.

A good way to decide who will be the first to mount the other is this: One boy takes a small object in one of his hands and placing one fist on the top of the other says:

"Handy-dandy riddledy ro,
Which will you have, high or low?"

If the other guesses right, he has first choice, if not, he loses.—Something to Do.

OIL LAMPS IN CHINA

The first kerosene oil lamps seen by the Chinese were in the homes of the missionaries. They were soon in such demand that in a recent year oil to the value of $14,500,000 was sent to China.—Montreal Daily Star.

NEW FLAGPOLE

The flagpole on top of a tower on a New York hotel has been so mounted that it can be lowered into a tubular casing for painting or repairing.—Vancouver Daily Province.

4 DELIVERIES DAILY
9:30 a. m., 11:30 a. m., 2:30 and 4:30 p. m.

MIDWINTER
Clearance Sale

1000 pair good shoes to be sold for one third the Factory Cost

98c A PAIR

Everybody knows our shoes at our regular upstairs prices are much lower than the street-level store. But when we offer you these same shoes for the above price, it is actually one third the cost of making. These shoes are of course odd pairs and short lots, but are not damaged in any particular. If you have school children wearing sizes below four and one-half, you can not afford to miss this opportunity to shoe them out for the rest of the year. We are announcing this sale only in Tropico, Glendale and the San Fernando Valley. We feel like giving the people, from whom we enjoy the most trade, the first chance at these shoes. COME TOMORROW AND GET FIRST SELECTION.
